The program of study:

Delivery is full-time on-the job in the workplace and will include 3 – 4 onsite training visits by your trainer.

Students are encouraged to undertake self-paced study in between training visits for support and progression to complete the entire program within the recommended time-frame. Further training will be provided if necessary. Learning materials are provided within the Students Diary.

Feedback and information regarding your competency, progress and study will be provided by your Trainer on a regular and on-going basis.

Training and assessment support services:

Central Outback Training recognises that not all people learn in the same manner, and that with an amount of “reasonable adjustment” students who may not learn best with traditional learning and assessment methods will still achieve good results.

Reasonable adjustment may be offered to students with a disability or learning difficulty according to the nature of the disability or difficulty. Reasonable adjustments are made to ensure that the student is not presented with artificial barriers to demonstrating achievement in the program of study. Reasonable adjustments may include the use of adaptive technology, educational support and alternative methods of assessment such as oral assessment.
