<p>This qualification provides a general vocational outcome in agriculture. The qualification enables individuals to select a livestock production, cropping or livestock context as a job focus or, in the case of mixed farming enterprises, both cropping and livestock.</p> <p>Individuals with this qualification to perform tasks in a variety of contexts, which involve some judgement in selecting equipment and services.</p>	

Entry Requirements;

The training package does not specify any specific entry requirements for this qualification, however, to be successful in completing this qualification, Central Outback Training requires students to;

- Be employed with a Central Outback Training approved employer, and satisfy the eligibility requirements to undertake a traineeship
- Undertake a prior skills and knowledge checklist & an assessment of your language, literacy and numeracy skills to determine if you require additional support

The program of study:

Delivery is full-time on-the job in the workplace and will include 3 – 4 onsite training visits by your trainer.

Students are encouraged to undertake self-paced study in between training visits to complete the entire program within the recommended timeframe of 8 months. Further training will be provided if necessary. Learning materials are provided within the Student Diary.

Feedback and information regarding your competency, progress and study will be provided by your Trainer on a regular and on-going basis.

Training and assessment support services:

Central Outback Training recognises that not all people learn in the same manner, and that with an amount of “reasonable adjustment” students who may not learn best with traditional learning and assessment methods will still achieve good results.

Reasonable adjustment may be offered to students with a disability or learning difficulty according to the nature of the disability or difficulty. Reasonable adjustments are made to ensure that the student is not presented with artificial barriers to demonstrating achievement in the program of study. Reasonable adjustments may include the use of adaptive technology, educational support and alternative methods of assessment such as oral assessment.

Central Outback Training Student Handbook:
