<p>This qualification provides a general vocational outcome in agriculture. The qualification enables individuals to select a livestock production, cropping or livestock context as a job focus or, in the case of mixed farming enterprises, both cropping and livestock.</p> <p>Individuals with this qualification perform tasks in a variety of contexts, which involve some judgement in selecting equipment and services. Job roles vary across different industry sectors and may include:</p> <ul style="list-style-type: none"> <li>▪ Farm or station hand</li> <li>▪ Farm or station worker</li> <li>▪ Livestock transport driver.</li> </ul> <p>No licensing, legislative or certification requirements apply to this qualification at the time of publication..</p>	

## **Entry Requirements;**

The training package does not specify any specific entry requirements for this qualification, however, Central Outback Training requires learners to;

- Be employed with a Central Outback Training approved employer, and satisfy the eligibility requirements to undertake a traineeship
- Undertake a prior skills and knowledge checklist & an assessment of your language, literacy and numeracy skills to determine if you require additional support

## **The program of study:**

Delivery is full-time on-the job in the workplace and will include 3 – 4 onsite training visits by the trainer.

Learners will be encouraged to;

- Complete trainer checklists
- Complete workplace logbooks
- Dedicate a minimum of 5 days per week every 12 weeks of training, study and assessment tasks with trainer's workplace visits to complete the entire program within the recommended timeframe of 8 months.

Learners will be provided with;

- Learning materials / Fact Sheets
- Instructional presentations
- Workplace-based training and assessment
- Assessment material and workplace logbooks via our online platform
- Feedback and information regarding progress and competency

## **Training and assessment support services:**

Central Outback Training recognises that not all people learn in the same manner, and that with an amount of "reasonable adjustment" learners who may not learn best with traditional learning and assessment methods will still achieve good results.

Reasonable adjustment may be offered to learners with a disability or learning difficulty according to the nature of the disability or difficulty. Reasonable adjustments are made to ensure that the learner is not presented with artificial barriers to demonstrating achievement in the program of study. Reasonable adjustments may include the use of adaptive technology, educational support and alternative methods of assessment such as oral assessment.

## **Central Outback Training Learner's Handbook:**

For detailed information regarding training and assessment support, recognition of prior learning, client services and many other important topics please refer to the Learner's Handbook available to view or download on our website [here](#)
